## JRE 8 - Java Installation Process

### Overview

This document describes the installations process of JRE-8 Java for digital Signing Component. Please go through the all screens as per the flow and start the installation.

#### Step 1:

Download JRE8 from <http://tg.meeseva.gov.in/Deptportal/UserInterface/LoginForm.aspx> link

Click on  [JRE8 Download for New Component.](#)

Once the user clicks on the link, the Drivers will be downloaded automatically

secure | tg.meeseva.gov.in/Deptportal/UserInterface/LoginForm.aspx

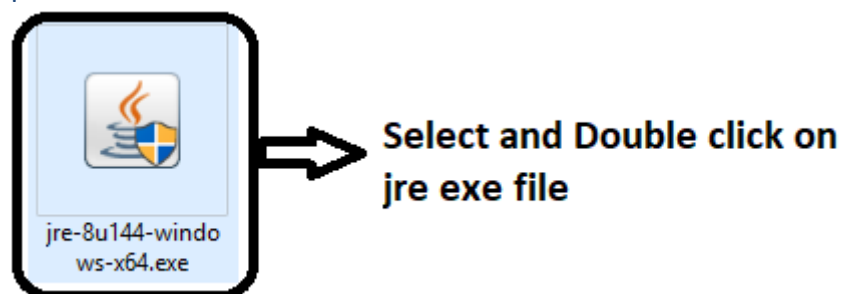

The screenshot shows the MeeSeva Online Portal interface. A red box highlights the link 'JRE8 Download for New Component' in the main content area. An arrow points from this link to a text box that reads: 'Click on the link, Once the user clicks on tge link the drivers will be downloaded automatically'. The page also features a 'Citizen Services' menu on the left, a 'QUICK LINKS' section, and a main content area with various news items and advertisements, including one for 'Telangana holds 3rd position in Electronic Transaction'.
